(54) Title: MODULAR DRINKS DISPENSER

(57) Abstract: This invention relates to a drinks dispenser, and in particular to a drinks dispenser suitable for use at commercial premises such as a bar or public house for serving beer and the like. According to the invention there is provided a drinks dispenser comprising a frame (14) carrying at least one tap (20), the frame being connected to a column (12) within which can be located a conduit (52) for delivering liquid to the tap, the frame having connectors (30) by which separate and additional frame(s) (16) may be connected thereto, a separate cover (76) being provided which can be mounted upon the frame means. The drinks dispenser is therefore modular in construction, with the frame(s) providing the structural strength of the dispenser and the cover(s) fulfilling the aesthetic requirements.

## INTERNATIONAL SEARCH REPORT

International

Application No

PCT/IB 03/05084

## A. CLASSIFICATION OF SUBJECT MATTER

IPC 7 B67D1/06 B67D1/08

According to International Patent Classification (IPC) or to both national classification and IPC

## B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)

IPC 7 B67D

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the international search (name of data base and, where practical, search terms used)

EPO-Internal

## C. DOCUMENTS CONSIDERED TO BE RELEVANT

Category *	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.

☐ Further documents are listed in the continuation of box C.☒ Patent family members are listed in annex.

## \* Special categories of cited documents :

- \*A\* document defining the general state of the art which is not considered to be of particular relevance
- \*E\* earlier document but published on or after the international filing date
- \*L\* document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)
- \*O\* document referring to an oral disclosure, use, exhibition or other means
- \*P\* document published prior to the international filing date but later than the priority date claimed

- \*T\* later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention
- \*X\* document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone
- \*Y\* document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art.
- \* & \* document member of the same patent family
